General Fund Revenues

As of January 31, General Fund revenues total \$35.0 million or 48.2% of total budgeted revenue. \$11.0 million was received during the month of January, the majority of which came from property tax and sales tax. It is important to remember that the majority of property tax revenue is received from December-March. As of January 31, 95.7% of budgeted property tax has been collected. Sales tax and property tax are the two largest sources of revenue for the General Fund, totaling 59.6% of all budgeted revenue.

License and Permit revenue collections through the month of January were above budget at \$2.0 million (45.7%). Fines and Forfeiture revenue was below budget through January, with collections at 25.9% (\$374,000) of the budgeted totals. Charges for Services totaled \$905,000 (20.2%). Charges for Services are driven mainly by Ambulance Revenue Fees which are impacted by seasonality and one-time payments. A transition to a new ambulance fee collection vendor continues to be a major factor in figures thru January. The transition resulted in a 60-day lag in collections. We anticipate normalization of this revenue source by the end of the second quarter. Parks and Recreation revenue (net of Das Rec) totals \$159,000 through the month of January – 10.9% of budgeted revenue. Parks and Recreation is a very seasonal source of revenue. Das Rec revenue was again on target at \$999,000 (33.4%).

General Fund Expenditures

As of January 31, General Fund expenditures and encumbrances total \$25.5 million or 34.3% of the total budget. The expenditure category budget(s) below reflect the latest budget transfers and amendments approved by City Council. At the end of January, 31.8% of the total payroll for the fiscal year has elapsed. The table below is broken down by total General Fund expenditures and encumbrances within each expenditure category. Operating expenses are currently at 50.3% committed, still reflecting encumbrances issued at the beginning of the fiscal year for one time expenditures and/or annual contracts approved by City Council.

Enterprise Funds

Airport Fund – Revenues through the month of January total \$844,000 or 27.3% of total budgeted revenues, which is less than budget. The majority of these revenues are from fuel sales. This revenue source is somewhat seasonal, with airport operations typically slowing down somewhat during the fall and winter months. The effects of the loss of a hangar tenant (and the large volume of related fuel sales) also continue to affect these figures thru January. Expenditures and encumbrances total \$825,000 or 26.8% of budget, which is also less than budget. Airport employee expenditures are at 29.8% of budget, which is below budget, due to a vacancy that has now been filled. The operating allocation is also below budget at 26.3%. The operating allocation is impacted by the cost to purchase fuel, which has a revenue offset.

Solid Waste Fund – Revenues through the month of January total \$3.3 million or 32.2% of total budgeted revenues. Solid Waste expenditures and encumbrances total \$4.4 million or 44.7% of budget. The percentage is impacted by purchase orders issued for refuse disposal, that are not yet paid. Employee expenditures are less than budget at 30.6%. Operating expenditures are over budget (71.5%) at the end of January, due to the above-mentioned purchase orders.

Golf Course Fund – Revenues through the month of January total \$488,000 or 28.8% of total budgeted revenues, which is less than budget. Revenue for the month of January was up 6.4% compared to January of last fiscal year – the largest January revenues in course history. There was a 5.7% increase in rounds played compared to the same period last year. Golf Fund expenditures and encumbrances total \$717,000 or 46.7%, which is greater than budget. The overage is primarily driven by purchase orders for capital equipment and merchandise and chemicals that have been issued, but not yet paid. Employee expenditures are below budget at 28.4%. Operating expenditures are significantly over budget at 64.8% due to the above-mentioned purchase orders.

Civic/Convention Center Fund – Charges for Services revenues through the Civic/Convention Center Fund at the end of the month of January total \$142,000 or 31.9% which is less than budget. Expenditures and encumbrances in the fund total \$310,000 or 36.5%, which is above budget due to purchase orders for electronic systems and landscaping that were issued, but not yet paid. The capital expenditures category is 100% committed, however this is entirely for a floor scrubbing machine that was included in the adopted budget.
