ARTICLE 2 COPIES OF PROPOSAL DOCUMENTS

05.02.02 Complete sets of Proposal Documents must be used in preparing Proposals; neither Owner nor Design Engineer assumes any responsibility for errors or misinterpretations resulting from the use of incomplete sets of Proposal Documents.

05.02.04 Complete sets of Proposal Documents may be downloaded at http://www.bidnetdirect.com/texas, unless otherwise notified.

ARTICLE 3 EXAMINATION OF CONTRACT DOCUMENTS AND SITE

05.03.01 It is the responsibility of each Proposer before submitting a Proposal, to: (a) examine the Contract Documents thoroughly; (b) visit the site to become familiar with local conditions that may affect cost, progress, performance or furnishing of the Work; (c) consider federal, state and local Laws and Regulations that may affect cost, progress, performance or furnishing of the Work; (d) study and carefully correlate Proposer’s observations with the Contract Documents; and (e) notify the City of all conflicts, errors or discrepancies in the Contract Documents.

05.03.03 On request in advance, Owner will provide each Proposer access to the site to conduct such explorations and tests as each Proposer deems necessary for submission of a Proposal. Proposer shall fill all holes, clean up, and restore the site to its former condition upon
completion of such explorations. The Proposer shall be responsible for the expenses associated with such tests and explorations.

Proposal guaranty accompanying the second lowest Proposer will be retained until Contract is awarded. All other proposal guaranties will be returned after Proposal certification.
ARTICLE 6 PERFORMANCE AND PAYMENT BONDS

05.06.01 When performance and/or payment bonds are required, each shall be issued in an amount equal to the Contract Amount as security for the faithful performance and/or payment of all Contractors' obligations under the Contract Documents. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration preceding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty), Contractor shall pay Owner $500 for each calendar day that expires after the time specified in Paragraph 4.01 of the General Information for Substantial Completion until the Work is substantially complete. After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Time or any proper extension thereof granted by Owner, Contractor shall pay Owner $500 for each calendar day that expires after the time specified in Paragraph 4.01 of the General Information for completion and readiness for final payment until the Work is completed and ready for final payment.

ARTICLE 10 SUBSTITUTE AND “OR-EQUAL” ITEMS

05.10.01 The Contract, if awarded, will be on the basis of materials and equipment specified or described in the Bidding Documents, or substitute or “or-equal” materials and equipment approved by Owner and identified by Addendum. The materials and equipment described in the Bidding Documents establish a standard of required type, function and quality to be met by any proposed substitute or “or-equal” item. No item of material or equipment will be considered by Owner as a substitute or “or-equal” unless written request for approval has been submitted by Bidder and has been received by Owner at least 7 days prior to the date for receipt of Bids. Each such request shall conform to the requirements of Paragraph 6.5 of the General Conditions. The burden of proof of the merit of the proposed item is upon Bidder. Such list shall be accompanied by an experience statement with pertinent information regarding similar projects and other evidence of qualification for each such Subcontractor, Supplier, individual, or entity if requested by Owner. If Owner, after due investigation, has reasonable objection to any proposed Subcontractor, Supplier, individual, or entity, Owner may, before the Notice of Award is given, request apparent Successful Proposer to submit a substitute. If the Substitute will cause the cost of the work to increase the Owner will agree to increase the contract price by the corresponding increase.

05.11.02 If apparent Successful Proposer declines to make any such substitution, Owner may award the Contract to the next ranked Proposer that proposes to use acceptable Subcontractors, Suppliers, individuals, or entities. Declining to make requested substitutions will not constitute grounds for forfeiture of the Proposal security of any Proposer. Any Subcontractor, Supplier, individual, or entity so listed and against which Owner makes no written objection prior to the giving of the Notice of Award will be deemed acceptable to Owner subject to revocation of such acceptance after the Effective Date of the Agreement.

ARTICLE 14  BASIS OF PROPOSAL; COMPARISON OF COSTS

05.14.01 Unit Price
1. Proposers shall submit a Proposal on a unit price basis for each item of Work listed in the Proposal Form.
2. The total of all estimated prices will be the sum of the products of the estimated quantity of each item and the corresponding unit price.
3. Discrepancies between the multiplication of units of Work and unit prices will be resolved in favor of the unit prices. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.

If any such change causes an increase or decrease in the cost of, or time required for, performance of any part of the work under this contract, whether or not changed by the order, the City shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract. The Contractor must submit any "proposal for adjustment" under this clause within 30 days from the date of receipt of the written order. However, if the City decides that the facts justify it, the City may receive and act upon a proposal submitted before final payment of the contract. If the Contractor's proposal includes the cost of property made obsolete or excess by the change, the City shall have the right to prescribe the manner of disposition of the property. Failure to agree to any adjustment shall be a dispute under the Disputes and Appeals clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

05.15.03 If, within twenty-four hours after Proposals are opened, and Proposer files a duly signed, written notice with Owner and promptly thereafter demonstrates to the reasonable satisfaction of Owner that there was a material and substantial mistake in the preparation of its Proposal, that Proposer may withdraw its Proposal and the Proposal security will be returned. 05.18.01 Owner reserves the right to reject any and all Proposals, to waive any and all informalities not involving price, time, or changes in the Work and to negotiate contract terms with the Successful Proposer, and the right to disregard all nonconforming, nonresponsive, unbalanced or conditional Proposals. Also, Owner reserves the right to reject the Proposal of any Proposer if Owner believes that it would not be in the best interest of the Project to make an award to that Proposer, whether because the Proposal is not responsive, or the Proposer is unqualified or of doubtful financial ability or fails to meet any other pertinent standard or criteria established by Owner. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.
In evaluating Proposals, Owner will consider the qualifications of the Proposers, whether or not the Proposals comply with the prescribed requirements, and such alternatives, and other data, as may be requested in the Proposal Form or prior to the Notice of Award.

If the Contract is to be awarded, it will be awarded to the best value Proposer whose evaluation by Owner indicates to Owner that the award will be in the best interest of the Project.

If the contract is to be awarded, Owner will give the Successful Proposer a Notice of Award within one-hundred twenty (120) days after the day of the Proposal opening.

Owner reserves the right to increase the value of the contract by adding alternatives described in the Proposal.

ARTICLE 22 RESIDENT PROPOSERS

05.22.01 Texas provides no advantage to resident Proposers in the award process. However, offers from another state where that state favors their residents will be evaluated by adding the same differential to the proposal that would be required for a non-resident proposal to be awardable in their resident state. For example, how much lower a Texas firm must be in that state than one of their resident proposals in order to be the awardee.

05.22.02 Pursuant to Local Government Code §271.9051, the City of New Braunfels has a local preference resolution 2009-R61. https://www.wdol.gov/dba.aspx Exhibit 3; “Prevailing Wage Schedule”

05.24.03 Such wage rates shall be used throughout the contract. If a classification is to be used, which is not listed in the attached wage rates, Contractor shall submit to Owner rates and classification proposed for use, for approval, prior to performance of the Work.

ARTICLE 25 EMPLOYMENT REQUIREMENTS AND WAGE RATES

Accurate records shall show the names and occupations of all laborers, workmen, and mechanics employed, together with the actual wages paid to each worker. At all reasonable hours, such records shall be open to inspection by representatives of the Owner.

05.25.05 According to Chapter 2258 Texas Government Code Title 10A, a CONTRACTOR or subcontractor(s) who violates this section shall pay to the political subdivision on whose behalf the contract is made, $60 for each worker employed for each calendar day or part of the day that
the worker is paid less than the wage rates stipulated in the contract. A public body shall use any money collected under this section to offset the costs incurred in the administration of this chapter.

05.25.06 Contractor shall comply with all requirements of the hours of work on public works law of the State of Texas, Texas Revised Civil Statutes, Articles 5165.1 to 5165.3, including the latest amendments thereto.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for
Federal Contractors applies to all contracts subject to the Davis-
Bacon Act for which the contract is awarded (and any solicitation was
issued) on or after January 1, 2017. If this contract is covered by
the EO, the contractor must provide employees with 1 hour of paid sick
leave for every 30 hours they work, up to 56 hours of paid sick leave
each year.
Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking.

Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (i) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the
published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:
   * an existing published wage determination
   * a survey underlying a wage determination
   * a Wage and Hour Division letter setting forth a position on a wage determination matter
   * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.
With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations

Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party’s position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
