J. Technical Discussion – Project Manager and Engineer:

Statement of Work:

- Installation of Traffic Signals
- Installation of sidewalks and ADA pedestrian ramps
- Installation of Pedestrian controls and signage
- Intersection signing and pavement markings
- Installation of conduit for future pedestrian infrastructure
- Contractor shall coordinate all work, inspections, and approvals with the City of New Braunfels.
- Project shall comply with the United States Occupational Safety & Health Administration regulations.
- Methods & Means of construction shall be compliant with all applicable Federal, State, and Local

**CSP 23-031 Intersection Improvements
PRE-PROPOSAL CONFERENCE AGENDA
May 26, 2023 at 10 a.m.**

regulations. This includes obtaining all necessary permits and inspections.

- Contractor to adhere to City of New Braunfels construction administration procedures.
- Maintain and submit all project records such as record drawings, project manuals, and warranties for approval by the City of New Braunfels.

The above list is intended to enhance the statement of work and is not intended to limit the respondent's description of the project's process or services provided.

This project shall require expertise in the following construction areas:

- Traffic Signal Installation
- Pedestrian Ramps and controls
- Curb and Gutter
- Street pavement repair

K. Questions and Answers:

The City's official response(s) will be provided in an Addendum released after the final date for questions.

Note: I think it will take 90 days or more to get the signal poles once the contractor places the order. So there may need to be a contract delay added to get the materials ordered before the 90 day construction work period starts. The City will address this in the formal Addendum released next week.
