## General Fund Revenues

As of June 30, General Fund revenues total \$70.9 million or 89.3% of total budgeted revenue. \$5.7 million was received during the month of June. The majority of the amount received in June and YTD came from sales tax. Sales tax and property tax are the two largest sources of revenue for the General Fund, totaling 60.6% of all budgeted revenue.

License and Permit revenue collections through the month of June were greater than budget at \$4.9 million (94.7%). Fines and Forfeiture revenues are below budget with collections at 57.1% (\$800,000) of the budgeted totals. Charges for Services totals \$2.7 million (62.3%). This particular revenue is driven mainly by Ambulance Revenue Fees which are impacted by seasonality and one-time payments. Parks and Recreation revenue (net of Das Rec) totals \$1.0 million through the month of June – 67.4% of budgeted revenue, which is below budget. Parks revenues are seasonal in nature. Das Rec revenue is greater than budget at \$2.3 million (96.0%) and continues to exceed its goal of 95% cost recovery.

## General Fund Expenditures

As of June 30, General Fund expenditures and encumbrances total \$68.0 million or 74.8% of the total budget. The expenditure category budget(s) below reflect the latest budget transfers and amendments approved by City Council. At the end of June, 73.2% of the total payroll for the fiscal year has elapsed. The table below is broken down by total General Fund expenditures and encumbrances within each expenditure category. Operating expenses are currently at 84.9% committed, reflecting encumbrances issued for one-time expenditures and/or annual contracts approved by City Council. The capital expense category is over budget at 79.5%, due primarily to encumbrances for purchases that have not been paid.

## Enterprise Funds

**Airport Fund** – Revenues through the month of June total \$3.4 million or 100.0% of total budgeted revenues, which is greater than budget. The majority of these revenues are from fuel sales. Fuel sales (gallons) for the month of June increased 19.0% compared to June of last year. Expenditures and encumbrances total \$3.1 million or 95.4% of budget, which is also greater than budget due to purchase orders issued for capital expenditures and increased fuel costs. Airport employee expenditures are at 71.8% of budget, which is slightly less than budget due to vacancies. The operating allocation is greater than budget at 120.5%, due to the rising cost of fuel. A budget amendment to account for this overage will be presented to City Council for approval in September. The cost of this budget amendment is offset by increased fuel sales. Capital expenses are at 72.6% of budget due to purchase orders issued for the budgeted purchases of mowers, tractors, and a shredder.

**Solid Waste Fund** – Revenues through the month of June total \$8.6 million or 80.3% of total budgeted revenues which is greater than budget. Solid Waste expenditures and encumbrances total \$9.1 million or 76.6% of budget. Employee expenditures are less than budget at 72.1% due to vacancies. Operating expenditures are over budget (79.4%), due to purchase orders issued for refuse disposal and refuse containers, that are not yet paid. Capital expenses are at 100% of budget due to purchase orders issued for the budgeted purchases of 3 side load collection trucks.

**Golf Course Fund** – Revenues through the month of June total \$1.7 million or 87.5% of total budgeted revenues, which is greater than budget. Revenue for the month of June was up 8.3% compared to June of last year and continues to break records with the highest revenues for the month of June. Rounds of golf played increased 17.3% from the same month last year (5,484 rounds played), with 10 tournaments hosted. Operating expenditures are at 99.4% of budget – which is over budget due to increased costs in facilities maintenance and repair, outside landscaping services, and purchase orders issued for merchandise that are not yet paid. Capital Expenses are at 92.6% of budget reflecting purchase orders issued for the budgeted purchases of mowers and utility vehicles. Employee expenditures are slightly greater than budget at 73.5%.

**Civic/Convention Center Fund** – Charges for Services revenues through the month of June total \$357,000 or 76.8%, which is greater than budget. Expenditures and encumbrances in the fund total \$557,000 or 67.3%, which is below budget due to employee vacancies.

## ECONOMIC DATA

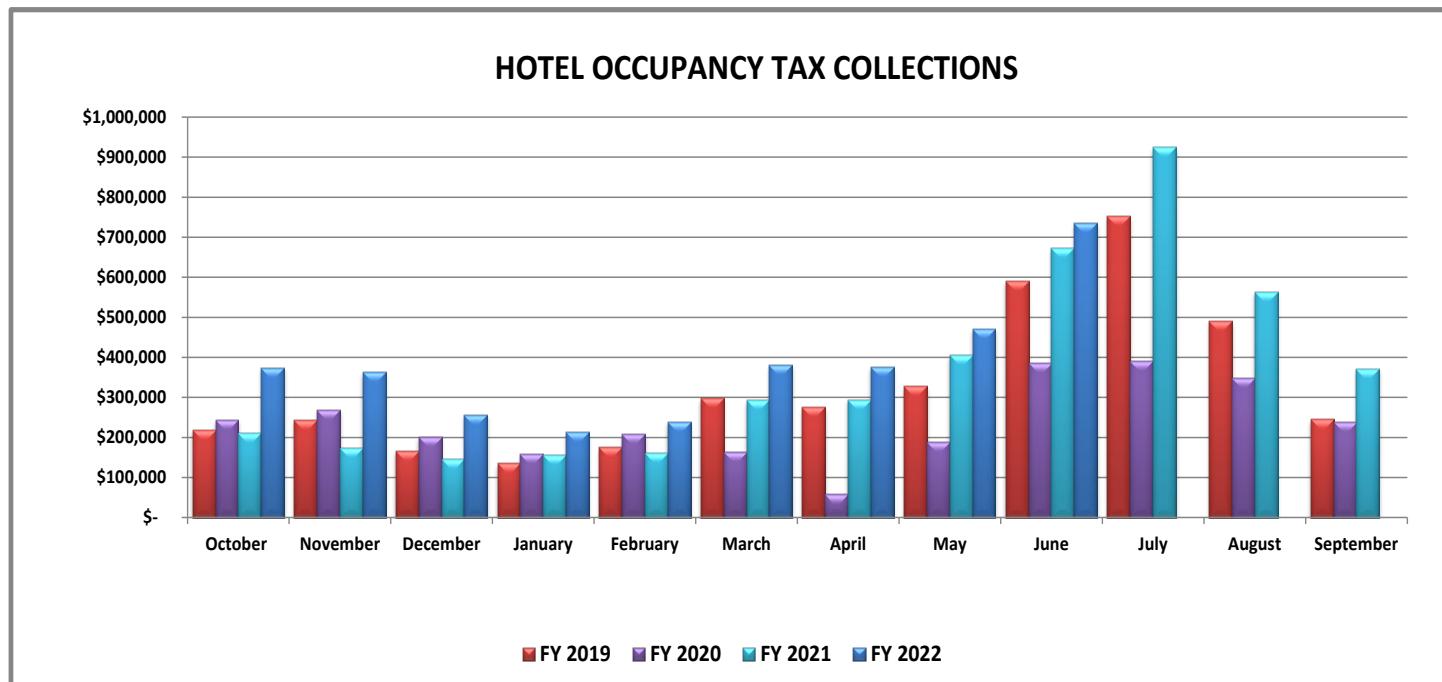

### **Total Sales Tax Collections – General Fund and NBEDC**

Sales tax is received approximately six weeks after the month has ended. The graph below includes the June 2022 sales tax payment. The June 2022 payment was down 0.8% when compared to June of the previous fiscal year reflecting a very small decrease related to the loss of sales tax revenue from HD Supply. Current period collections were down 0.1% compared to current period collections for June of 2021. Sales tax collections through June were up 11.2% fiscal year to date compared to FY 2021.

## Hotel Occupancy Tax Collection

As shown in the graph below, June Hotel Occupancy Tax collections were up 9.4% when compared to June of last fiscal year. They reflected a 35.7% increase fiscal year to date (through June) compared to FY 2021. The increased percentages of revenue are largely attributed to increased tourism compared to the Summer of 2021 when COVID was still a factor. This comparison includes current, actual collections due for June only and does not include pending or prior month payments received in the month. The hotel sector experienced the largest percentage increase compared to the same month last year.
