

Garry Ford, Jr., PE, PTOE – Director of Transportation and Capital Improvements

Garry Ford is the Transportation & Capital Improvements Department Director and City Engineer of New Braunfels, Texas. Garry leads the Transportation, Capital Programs, and Engineering Divisions and New Braunfels Transit District and provides support and project delivery for all city departments. Garry serves as the Chair of the Alamo Area Metropolitan Planning Organization Technical Advisory Committee and a member of the National Committee on Uniform Traffic Control Devices Regulatory/Warning Signs Technical Committee and the Texas MUTCD Technical Committee.

Garry received his Bachelor of Science degree in Civil Engineering from The University of Texas at San Antonio and a Master of Science degree in Transportation Engineering from Texas A&M University. He is a registered Professional Engineer and certified as a Professional Traffic Operations Engineer.

Garry started his career at the Texas A&M Transportation Institute and worked for Bexar County and the City of San Antonio. He also spent a few years in the private sector and has been with the City of New Braunfels for over 12 years, starting as the city's first traffic engineer. Garry served eight years in the Air Force Reserves as a C5 Loadmaster and is a veteran of Desert Shield and Desert Storm.

Garry lives in Bulverde with his wife, Julie, and three dogs. He enjoys mountain biking and traveling.
